HANDCRAFT
SIMPLICITY
SPIRITUALITY
UNIQUENESS

An increasingly digital and hectic world overloads us with impulses and impressions. No wonder we are longing for some relaxation and feel the essential need to sooth our senses. On the way to our inner sources of energy, handcrafted pieces are milestones for the harmonization with nature. The urban nomad embellishes his home with interior sculptures that are accompanied by a touch of spirituality.

Being focused on a monolithic simplicity that lays in the restraint usage of materials like glass, wood, wire – memories of the archaic past where a campfire used to be the centrepiece of warmth are evoked. The experimental new mix of grown natural materials like twigs combined with crystals by CREATE your STYLE™ with CRYSTALLIZED™ - Swarovski Elements come together to form a new unity of distinctive impression.
